Financial Analyst/Senior Financial Analyst /FCA

POSITION ANNOUNCEMENT

Financial Analyst/Senior Financial Analyst

Under the direction of the Deputy Director of the Office of Regulatory Policy, the incumbent is responsible for performing a variety of duties, including: Conducting analyses and research on developments in agricultural policy, the agricultural economy and the agricultural finance sector; Developing and maintaining tools and models, and performing data extraction from complex databases to evaluate agricultural policy or commodity market conditions and their impact on U.S. agriculture and the performance of Farm Credit Systems institutions; Monitoring and analyzing the financial condition and ratings of FCS institutions and the general conditions in the financial and economic sector; Developing economic and financial analyses regarding the safety, soundness, trends and risk exposure and mission accomplishment of the System; Analyzing corporate restructuring activities of FCS institutions for financial viability; Conducting studies that provide background for FCA Board policy decisions; Reviewing complex regulatory or statutory prior approvals and preparing related documentation for clearance and FCA Board approval; Providing oral and written briefings, reports, and other presentations to a variety of internal and external parties, including Agency management and staff, on financial and economic analyses and on complex policy and regulatory development projects; Participating in special projects as required in support of other program objectives.

At the grade 38 and 39 levels, the incumbent will operate under limited supervision and will complete a developmental plan designed to prepare the incumbent for the grade 40 full performance level.

The position is open at the VH-38/39/40 (GS-12/13/14) level (salary range $70,746– $138,902/year) and is located in McLean, Virginia.

The announcement is open until April 26, 2010.
